## DEL LA HUERTA BRINGS MEXICO'S DEBT PLAN

Thomas W. Lamont Returns From Europe for Financial Meeting.

NO RECOGNITION IDEA

J. P. Morgan & Co. May Be Asked to Assume Nation's External Bonds.

INTEREST LONG OVERDUE

Foreign Countries Creditors by \$240,000,000 and Internal Debt Is \$90,000,000.

Adolfo de la Huerta, Mexico's Minister of Finance, arrived here yesterday with a party of financiers and railroad men in a private car from Mexico City to take part in the conference on the Mexican financial situation beginning here on Friday at the Chamber of Commerce.

With Mr. Huerta's arrival, Thomas W. Lamont, head of the International Committee of Bankers on Mexico, arrived by the Olympic, which docked last night. Mr. Lamont has been in Europe conferring with the international bankers who are concerned with the Mexican situation and will act as the spokesman and principal negotiator in the conference.

Accompanying Mr. Lamont from Europe were Edward R. Peacock, director of the Bank of England; J. Chevalier of the Banque de Paris et Pays Bas, and Eugene W. R. Masson of the Credit Lyonnais, who will attend the Friday conference. Mr. Lamont said he had no statement to make; that he must continue to pursue his policy of silence in regard to Mexican finances. He had been six weeks in Europe.

Political Angle Denied.

Although Secretary de la Huerta was not accessible, owing to his recent illness, a member of his party said the mission is purely financial, and it is not expected that he will visit Washington. Secretary Huerta was accompanied by his two sons, Adolfo and Arturo; Mr. and Mrs. Martin Luis Guzman, Miss Juliet Tovar, Luis Gayon and Olalla Rubio, his secretary and interpreter.

Secretary Huerta did not arrive with the main party on the private car, having stopped off at Philadelphia for a few hours to visit friends, and his place as head of the delegation was taken by Leon Salinas, president of the National Railways of Mexico, a large majority of the bonds of which are held by foreign interests. The bonded indebtedness of the company is something above \$300,000,000.

None of the Mexican party appeared to be deeply concerned over the reports of an impending revolution headed by Felix Diaz. Mr. Salinas said "everything was tranquil" when the party left Mexico City a week ago. The general attitude of the delegation was that the "revolution" was a stage play for political purposes, and one of the party even cast doubt on the fact that Diaz had left America.

"I believe he is still in New York," said this man, in spite of reports that troops were being assembled on the Guatemala border.

Mr. Salinas said he had come to the

## Brown Patch Worries Skokie Club Committee

CHICAGO, May 30.—Brown patch, a fungus disease of grass, has been discovered on one of the putting greens at the Skokie Country Club's golf links, where the national open championship is to be held July 10 to 15, and heroic measures have been adopted by John Ping, chairman of the greens committee, to stop the ravages before it interferes with the perfect condition of the course.

President Piper of the greens section of the United States Golf Association has been sent for and advice was asked from the Agricultural Department at Washington. In addition, Chairman Ping made a hurried trip to Louisville to procure special powder guns to inject bordeaux mixture into the sod, as that is said to be the most effective means of stopping the spread of the fungus.

conference because the holders of his company were intensely interested in the financial stability of the country, but he refused to comment on the plans or the outcome of the negotiations. The rest of the delegation were equally reticent.

Morgan May Take Over Debt.

Although there has been no inkling of what the Mexican bankers will propose as a means of settlement of the financial situation, reports from Mexico City indicate that Mr. Lamont and the Morgan interests will be asked to take over the entire external debt of the country and act as an intermediary with the foreign creditors.

Mexico is indebted directly to foreign countries by nearly \$240,000,000, and no interest has been paid on any loans, either domestic or foreign, since 1914. The internal debt amounts to about \$90,000,000, not including the bonds guaranteed by the Mexican Government and the indebtedness of the National Railways.

Several conferences already have taken place with a view to adjusting the financial difficulties. The last one being in the fall of 1921, when Mr. Lamont went to Mexico City at the invitation of the Government—but no satisfactory basis of settlement ever has been reached.

The arrival of Secretary de la Huerta has been regarded in Washington as a preliminary step to a renewal of the plea for recognition, but it was stated that no such thought was in his mind or those connected with his delegation.

## LINK LABOR LEADER WITH MOTOR THEFTS

Chicago Police Accuse 'Con' Shea, Held as Slayer.

CHICAGO, May 30.—Operations of an alleged nationwide automobile theft ring with headquarters in Chicago and of which "Con" Shea, labor leader now under indictment for murder in connection with the deaths of two policemen, following labor bombings, is said by the police to be the head, were revealed today following the return from St. Louis as an alleged "field agent" of the ring.

According to the police, operations of the ring extended into cities of the East and South and resulted in the theft and disposal of more than 300 cars valued at about \$500,000.

John Rogers, garage owner, and Claud Buller, arrested yesterday with an automobile said to have been stolen, also are being held.

MRS. FERGUSON A CANDIDATE.

Seeks Place on Ticket for Governor—Husband Also to Run.

WACO, Tex., May 30.—Receipt of the application of Mrs. Myriam A. Ferguson, wife of former Gov. James E. Ferguson, for a place on the Democratic primary ticket as candidate for the United States Senate was announced today.

Mr. Ferguson also is an announced candidate for the Senate, but he has not formally applied for a place on the July primary ticket.

## BEACHES ATTRACT 500,000 FROM CITY

Coney and Rockaway Disappointed, for They Expected More on Holiday.

YOUTH DROWNS IN OCEAN

Seven Men Rescued From Two Motorboats in Danger Off Resort Shore.

Half a million persons crowded the beaches yesterday and left the streets of New York deserted. The weather was almost that of midsummer, and the thousands who went into the water found it surprisingly comfortable. There was only one drowning.

Trains running from the Pennsylvania station, as well as all the ferry boats, carried good crowds, but there was not the uncomfortable jam either on the trains or at the beaches that accompanied the hot Sundays later in the season.

Mayor Hylan, accompanied by Mrs. Hylan, passed the day at the Hotel Nassau at Long Beach. The Mayor of New York and the Mayor of Long Beach, William H. Reynolds, who was selected two weeks ago at the first municipal election in Long Beach, met each other for the first time and exchanged what were said to have been a few pleasantries. Later they strolled on the boardwalk, and passed Babe Ruth. All bowed.

Seventy-five thousand persons, the smallest holiday crowd in years, went to the Rockaways. There were only a few bathers. Storekeepers and others complained of the small crowd, saying that they expected 200,000.

At Staten Island, however, the crowds were greater than had been expected. Transit facilities were taxed to the limit and it was estimated that 100,000 persons went to South Beach and Midland Beach. It may not mean anything, but hot dogs on South Beach were down to five cents each. They sell for ten cents at all the other beaches, and the vendors of South Beach, pointing to the crowds, boasted that the return to pre-war prices was a powerful attraction.

Coney Island had a crowd of about 300,000, and the day was passed in unusually tranquil fashion. At Coney the proprietors of the restaurants and places of amusement complained that the crowds were not large enough. They said they had had a steady flow of

## HEARST'S SUSPICION OF BRITAIN NOTED

'Daily News' Says He Reflects Views of a Section of America.

Special Cable to THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD. New York Herald Bureau. London, May 30.

The morning newspapers generally refrain from commenting on the visit of William Randolph Hearst, who arrived at Southampton today with his wife and three sons, nor to his long, and to the English, astonishing statement published in the *Evening Standard* in which the publisher says that the ideals and objects of the United States are very different from those of England, and that the historic policy of the United States to keep free from foreign alliances should be continued.

The *Daily News*, however, expresses the opinion that the statement is important because it reflects the view of a section of America, and regarding Mr. Hearst's description of the gulf between the two nations adds: "Perhaps the gulf is not so wide as this narrow minded patriot imagines. But it is important to remember that he speaks with crudeness and overemphasis but nevertheless with the approximation of truth for the solid block of American opinion that still looks upon British aims, British policy and British mentality with deep rooted suspicion and not a little enmity."

"The moral for us is that while our dealings with the American people should exhibit perfect good will and friendliness we should at the same time carefully avoid the tendency recently developed of trucking openly to American sentiment and of adopting generally a sycophantic demeanor in our transatlantic relations. It is not thus, we are convinced, that Americans will be persuaded to take a hand in reordering the world's affairs."

MURDER SUSPECT SOUGHT.

Detectives of the Stagg street station arrested Dominick Delfari of 52 Scholes street, Brooklyn, yesterday and charged him with shooting James "Gimpy" Chifalo on March 13 in front of Chifalo's home at 24 Lorimer street. Delfari had been indicted but had eluded the police until yesterday, when he returned to his home.

HEARST PROPAGANDA PREPARED FOR MAYORS

Hylan to Join in Promotion Work at Poughkeepsie.

The Hearst-Hylan alliance is making plans to use the State Conference of Mayors, which is to be held in Poughkeepsie on June 7, 8 and 9, for the purpose of floating an enormous amount of its propaganda. Mayor Hylan is to be one of the speakers. He will take with him Corporation Counsel J. P. O'Brien and likely David Hirschfeld, Commissioner of Accounts, and others of his retinue. It is expected there will be a group of Hearst men on the job also. The questions to be discussed will be taxation, home rule and public utilities.

William J. Wallin, the present president of the conference, a Republican, is not eligible for reelection, as he is no longer Mayor of Yonkers. Not in some years have there been so many Democratic Mayors in the conference and the alliance intends to take advantage of that fact. Among the cities that will have Democrats present as Mayors and Corporation Counsel are Syracuse, Albany, Schenectady, Troy, Oswego and Olean. Gov. Miller has accepted an invitation to speak and they expect him to handle the Hearst-Hylan alliance without gloves.
